

# CMA's exclusive new Workers' Compensation program can help your practice save money!

## Savings

CMA members qualify for an additional **5% discount\*** on top of Preferred's already competitive rates. Preferred's rates are set for long term consistency, and are managed by focusing on safety and injury prevention, fraud prevention and the control of medical costs for your practice by getting employees back to work as soon as practical.

## Service

Mercer's team of insurance advisors is knowledgeable about the needs of physicians and is available to walk you through the application process. Preferred's claims examiners are experts in helping members with an employee injury or illness claim. Plus Preferred's payroll management and flexible payment plans help you manage your premiums in the way that works best for you and your practice's cash-flow needs.

## Safety

In addition to mandatory CalOSHA information and videos on workplace safety, Preferred's team of Risk Advisors are available for consultations when you need them. They also have a strong fraud prevention policy and as a California-based carrier, they know exactly what it takes to do business successfully in this State.

## Stability

Preferred prides itself on its stability, which includes maintaining some of the best and most consistent pricing available for CMA members. And because of its Medical Provider Network of credentialed medical professionals, claim costs can be closely monitored and managed while providing quality care to injured employees.
